The objective today is to isolate targets through electronic harassment of the target and everyone around them, depict him or her as incompetent, disloyal, troublesome, mentally unbalanced, or ill, which permits a strategic effort to deny the technologies existence. The whistleblower targeted individual, targeted for varied reasons, is then heinously, maliciously, secretly abused by electromagnetic technology difficult to prove because it is unseen to the human eye or detectable as extremely low frequency (ELF) radio waves. Others watch and become frightened preventing them from speaking out against these extreme immoral and unethical injustices in the form of covert terrorism with many players. This includes the Association of Psychiatry, historically. The electromagnetic assaults both, physical, psychological and verbal, continue until the target is left discredited, exhausted, in poor health, financially crippled, or his or her life is in ruins or worse. And, it is legal! In the 1700s, scientist first observed a physical reaction between the human brain, electricity and a glass of water quite by accident. From that point on scientific curiosity peaked and materialized into an ideation to stimulate, manipulate, influence and control the human brain or mind. Numerous testing programs have quietly flourished, outside of the public's eye, for decades and the brilliant technology which has evolved could be used for the good or ill of humanity. After many, many years in research, testing and development programs, technology termed psychological electronic, which includes, satellite delivery, microwave, and Directed Energy Weapons, are nothing less than brilliant and today have stepped forth in full force, globally, for law enforcement and military use for testing for riot or crowd control within the U. S. to include government contractors. The electromagnetic arsenal of...
