Createspace, United States, 2012. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Does the God of love sanction murder and genocide? Is the Bible incompatible with modern science? Does the Bible contradict itself? These and other perplexing questions are addressed in *Struggling with Biblical Inconsistencies and Other Biblical Anomalies*. Although demonstrating the folly of insisting on an inerrant view of scripture, Brand takes a pro-Bible approach in citing over 740 biblical passages. The book is divided into two parts. Part I provides a brief survey of various approaches in resolving biblical difficulties and concludes by presenting a more unbiased and comprehensive approach. Part II proposes resolutions to various biblical peculiarities and explores alternates to some traditional evangelical dogma. Brand concludes by demonstrating that, in spite of the appearance of anomalies, the primary theme of the entire Bible is universal compassion.
