Forgotten Books, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Story of English Public Health With the creation of a Ministry of Health the Public Health Service of England and Wales enters upon a new era - an era, I doubt not, of enhanced efficiency and fruitfulness. It seemed to me that the occasion warranted an attempt to sketch in outline the evolution of our Public Health system from its small beginnings down to the present day, when the seedling has grown into a mighty, many-branched tree. Hence this little book. I have not dealt separately with sanitary legislation, but its great landmarks are noted in connection with the growth and work of the Authorities, central and local, which have been charged with its administration. Incidentally, brief accounts are given of some of the great sanitarians and administrators by whom the system has been built up. In the early chapters I have made free use of Sir John Simon's English Sanitary Institutions, which with fullness of detail and philosophic insight records the history of English Public Health down to the year 1890. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
