A Preliminary Biological Assessment of Kirwin National Wildlife Refuge

By Murray K Laubhan

Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Stimulation for this report was generated by passage of the 1997 National Wildlife Refuge System Improvement Act (NWRSIA) that requires each refuge in the National Wildlife Refuge System to develop a CCP that includes goals and objectives that are based on the best available science. To accomplish this mandate, Region 6 of FWS contracted with the Biological Resources Division of the U. S. Geological Survey (USGS) to inspect refuge habitats and synthesize available information pertinent to the management of Kirwin NWR as part of a pre-planning phase to guide development of a CCP. This report represents such a synthesis. The brevity of the site visit did not allow for detailed discussions between USGS and FWS personnel, but it did provide the opportunity to exchange thoughts regarding the information needed to evaluate the biological program. Thus, the ideas contained within this report are of a general nature and should be viewed as a collaborative effort that involved the refuge staff. Additional work will be required to objectively evaluate the biological program, and this report should be viewed as an...
