## The legal framework and its implementation in the Chinese water market

By Jan Hutterer

GRIN Verlag Jun 2016, 2016. Taschenbuch. Book Condition: Neu. 210x148x2 mm. This item is printed on demand - Print on Demand Neuware - Research Paper from the year 2008 in the subject Politics - International Politics - Environmental Policy, grade: keine, , 24 entries in the bibliography, language: English, abstract: Worldwide the hidden costs of Chinas rapid transformation have caused deep concerns. In recent years the cases of water shortages, pollution and flood/drought damages steadily increased in numbers. This development is caused by both a large population and a rapidly developing economy. Although China significantly improved its water and wastewater infrastructure, its water shortage problem is worsening year by year. The Chinese government tries to counter this misbalance and insistently pursues an environmentally sustainable development policy. Its countermeasures include management model reforms, Private-Sector-Participation (PSP) projects and the support of new technology development and application. According to the 11th Five-Year-Plan, more than 140 billion Euros will be spent on environmental projects and campaigns before 2010. These reforms have unleashed a wave of optimism in China's water market and created great market opportunities for investors. Significant amounts of new water infrastructures are to be built, and the operation and maintenance of...
