The Greatest Killer Smallpox in History

By Donald R. Hopkins

University of Chicago Press. Paperback. Book Condition: New. Paperback. 398 pages. Dimensions: 8.8in. x 6.0in. x 0.6in. Once known as the great fire or spotted death, smallpox has been rivaled only by plague as a source of supreme terror. Although naturally occurring smallpox was eradicated in 1977, recent terrorist attacks in the United States have raised the possibility that someone might craft a deadly biological weapon from stocks of the virus that remain in known or perhaps unknown laboratories. In *The Greatest Killer*, Donald R. Hopkins provides a fascinating account of smallpox and its role in human history. Starting with its origins 10,000 years ago in Africa or Asia, Hopkins follows the disease through the ancient and modern worlds, showing how smallpox removed or temporarily incapacitated heads of state, halted or exacerbated wars, and devastated populations that had never been exposed to the disease. In Hopkins's history, smallpox was one of the most dangerous and influential factors that shaped the course of world events. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
